

April 1978 Update on IG Recommendations

No significant update is deemed necessary on IG recommendations 1 through 9. Action to implement Recommendation number ten, the establishment of a "Personnel Administration and Management Course", has been delayed. The following two paragraphs provide the current status of Recommendation 10:

Numerous meetings have been held since early 1977 between representatives of the Office of Personnel and the Office of Training regarding the development and conduct of the proposed "Personnel Administration and Management Course".

At the present time, OP and OTR have developed a three-day course schedule (copy attached) and we anticipate an initial running before the end of FY '78. The delay has resulted from priority reassignments of the key OP and OTR personnel initially involved in this project.
